

## Grading System

- **Grade**

Assignment- Are they lined up correctly? Did they do THEIR job?

Execution- Did they take the proper steps, angles, fits, pursuit, etc...

Production- Points scored for making a play.

Assignment grade = Number of positives divided by total number of plays

Execution grade = Number of positives divided by total number of plays

Total grade = Average of assignment and execution grade

- **Notes/Violations** Make sure to include notes on every play. If they have a minus, let them know why.
